

TO: PARENTS, GUARDIANS & FAMILIES

ESCNJ PARENT SUPPORT PROGRAM

Communication: Here, There, & Everywhere

Where: Zoom/Virtual

Date: Wednesday, January 25, 2023

Time: 1:00 - 2:30 PM

Functional communication for students is a primary goal for both families and educators. Throughout the communication learning process, whether it be vocal, via the use of an AAC device, or through pictures, it is essential that the student is provided with constant opportunities for communication. This presentation will provide you with practical ideas to increase communication during daily activities that take place at home and in the community. They are also designed to help reduce stress and frustration for both you and your child.

Presenter:

Rachel Beer, CCC-SLP

Speech Language Pathologist, Academy Learning Center
